3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employees, have refused to accept the offer of the Railroads of a wage increase of 15½ cents an hour.

This is the same increase awarded 1,000,000 non-operating employees by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employees, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employees in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now?

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employees, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad

employees, and those among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employees.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employees than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employees represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

50 Special Articles For Town Warrant

Parking Meters and Firemen's Hours Are Top Considerations

Special articles received by Town Clerk George H. Winslow for inclusion in the town warrant call for expenditures of about \$207,000 above the regular departmental expenses, or about four times the amount usually voted for special articles each year. Should all be approved, it is estimated that they would mean a boost of more than \$11 in the tax rate.

One of the proposals upon which the townspeople will vote at the adjourned town meeting Monday, March 8, at the Memorial Auditorium, is the question of accepting regulations governing the installation of parking meters in the business section and adjoining streets.

The question of reducing the hours of permanent firemen in the town from 70 to 48 a week will be on the ballot election day, March 1.

All told there are 50 articles in the town warrant. They consist of numerous requests, appropriations and authorizations—in brief, as follows:

- 1—To elect town officers and vote on the question of a 48-hour week for firemen.
- 2—To elect all officers not elected by ballot.
- 3—To establish salaries of elected town officers.
- 4—To determine sums to be appropriated for departments.
- 5—Authorization for superintendent of streets to remove vehicles interfering with snow removal.
- 6—Amend by-laws for enforcement of parking meter regulations.
- 7—\$1,600 for installation of parking meters.
- 8—Increase for one year pensions payable to employees retired prior to Jan. 1, 1946.
- 9—Authorization to close town offices on Saturdays.
- 10—\$1,375 to purchase new automobile for police department.
- 11—\$500 for the purchase of police uniforms.
- 12—Appropriate or transfer from unappropriated funds, money for highway maintenance.

13—\$2,500 for improvement of North Main street.

14—Authorize repair of sidewalks and appropriate \$7,500 for same.

15—\$3,500 for 3 to 5-ton roller for Public Works department.

16—\$1,250 to rebuild Central playground.

17—\$6,500 to modernize Main street lighting.

18—\$12,000 for three dump trucks.

19—\$700 for compressor.

20—Authorization to exchange two small pieces of land with Phillips Academy.

21—\$500 to relocate stonewall at Chestnut street and Highland road.

22—\$3,000 for new pump intake suction pipe at Haggetts' pond.

23—\$10,000 to reinforce bridge on Stevens street.

24—\$7,000 for new equipment at Bancroft road pumping station.

25—\$1,000 to assist building road up Wood Hill.

26—\$2,850 for new truck with winch for tree and moth departments.

27—\$2,500 for new type spraying machine for moth department.

At a recent meeting of the American Chemical Society, Dr. Sherman reported on chemical diets which he forecasts will make men and women reach the heights of their powers at 65, and will increase the expectancy of life to 77 years. And what is the magic formula of these diets? Nothing more or less than MILK, fruit, eggs and vegetables or what Dr. Sherman calls "the protective foods".

March of Dimes Drive Extended

The local March of Dimes campaign has not yet reached its quota of \$2,500 and will be extended, Atty. Walter E. Mondale, chairman of the Andover committee has announced.

This will give townspeople a final opportunity to make their contributions. Reports from chairmen of the various committees indicate that the public is keenly aware of the vital need of funds to push the fight against infantile paralysis.

"However," Mr. Mondale warns, "the race is not won until the quota has been reached. It's the home stretch that counts. Consequently, I call upon every man, woman, boy and girl to take part personally in this final stretch of the March of Dimes Drive. Every dime, every dollar, given to this fight against infantile paralysis helps build a reservoir of service upon which we can draw, should Polio strike in our community."

HELLO ANDOVER!

We believe that you would like to have a fine theater here. We believe that the people of Andover enjoy good theatre as much as the people of New York. But it isn't easy for the people of Andover to go to Broadway to see good plays, so we propose to bring Broadway to the Merrimack Valley.

We don't go in for fancy adjectives so we won't call it stupendous or colossal, but what we are bringing to Lowell is something we are proud of and something that you can be proud of — a live and thrilling theatre!

The Barrymores at one time brought glorious theatre to the Lowell Opera House. With your help we propose to do it again!

Our first play, TUESDAY, FEBRUARY 10th, is "DEAR RUTH".

It has a superb cast. SIDNEY BLACKMER of the motion picture "Duel in the Sun" and the star of the Broadway hit "Chicken Every Sunday"; JOEL MARSTON, lead for two years on Broadway in "Wallflower"; MAREE DOW from the Broadway play "The Patriots"; PAULINE MYERS of the original cast of "DEAR RUTH" and so on.

On February 17th, we bring you one of Broadway's longest playing hits, "THE FIRST YEAR" starring FREDDY BARTHOLOMEW.

On February 24th, we will present a WORLD PREMIER, pre-Broadway showing of "CHANGING TRAINS" starring JOHN CARRADINE.

Isn't this a schedule to be proud of?

And we mean to show these plays to ALL the people of the Merrimack Valley. You can get a reserved seat for as low as 50c, 60c, 90c, \$1.20, \$1.50, \$2.00 and the highest priced seats in the house are only \$2.40.

These prices include the tax.

All this right here at the LOWELL STATE THEATER (The Old Opera House) at 345 Central Street, Lowell, Mass.

So much for our part of the job. But you must do your share. At these prices the Theatre can only exist if everyone supports it. You ought to see every play, organize theater parties, make the theater a habit. It's fun! There is nothing like it!

So send money and a self-addressed envelope for a reservation. Box Office open 10:00 A. M. to 9:00 P. M. Phone LOWELL 3-1380. Do it now! That will be your vote for a fine theater in the Merrimack Valley.

We believe in you.

Very Sincerely,

The Lowell State Theater

The February meeting of the Shawsheen Parent-Teachers' Association will be held Wednesday evening, February 11, in the auditorium of the Shawsheen school. Paul S. McKinnon, new president of the organization, will preside at the business meeting. There will be a report of the very successful circus, held January 14, by Mrs. Edward R. Bradley, general chairman of the event. Mr. Herbert Ortstein will give a detailed report of the work done by the grounds committee.

Mrs. Byron Weiner has been named as secretary for the remainder of the year, replacing Mrs. Walter Curran, who is moving out of town. Mrs. Weiner is an active member of the organization and was on the committee for the circus.

Following the business meeting, Miss Lillian R. Fletcher of Northeast Airlines will address the group. Miss Fletcher, former supervisor of stewardesses for Northeast, has flown more than half a million miles and served more than 36,000 passengers. Singer Lily Pons and actor John Garfield have been two of her well-known passengers. Miss Fletcher is considered one of the nation's foremost ambassadors of goodwill in aviation. She has an unswerving belief in the destiny of New England in both domestic

WINTER CARNIVAL

February 3rd, the boys of the Sacred Heart school, Shawsheen Village, enjoyed an all-day ice carnival on their beautifully decorated skating rink. All the student body participated in the numerous and varied events of the day.

Robert McCormick was King for a Day with Maurice Carignan as the "better half" of the royal couple. Relay races, distance races, obstacle races, tricky races, jumps and funny acts, etc., were enjoyed by the boys as participants or as spectators.

Awards were presented to the ten high scorers of both the Junior and Senior section. These were presented by Brother Peter, the principal, before the moving picture show that closed a very busy, but agreeable day.

Awards to Senior section; Grade 8 and 7: Robert McCormick 22 points; Fred Horgan 21, Roland Desrosiers 18, Donald Boucher 12, Gerry LeBlanc 11, Francis Gallant 10, Jay Delaney 10, John Labrie 10, Normand Laroche 8, Robert Pouliot 8.

Two building permits were granted by the selectmen in January. One called for a \$5,000 addition to a dwelling, and the other a \$200 addition to a garage.

The selectmen upon receipt of a telegram setting forth a program being set up under the auspices of Attorney General Tom Clark, of Washington, D. C., regarding juvenile delinquency, voted to cooperate and when called upon will name a committee for a conference to study conditions and initiate state and local action.

Tree Warden George R. Abbott is planning to attend the annual meeting of the Massachusetts Tree Wardens and Foresters Association, to be held in Horticultural hall, Boston, February 11 and 12. Shade tree management and control of the Dutch Elm disease will be discussed. Anyone interested in tree care will find many interesting exhibits.

Charles D. Regan of Summer street has recently been appointed a call fireman. The appointment fills the vacancy caused by the resignation of James Deyermund of Shawsheen road, who has moved out of town.

Copy of an emergency law authorizing towns to incur additional liabilities for the removal of snow and ice has been received by the selectmen. The procedure outlined in the act is similar to that employed by local town officials for many years and will mean no change in the method in use here.

Arthur W. Jones of 98 Main street was drawn at Monday's meeting of the selectmen to serve as a juror in the term of Superior civil court opening at Lawrence March 1.

George R. Abbot of Upland road was re-appointed moth superintendent by the selectmen. The appointment is subject to the approval of the state director of forestry.

The Registrars of Voters have added 100 names to the list in the registrations held in Precincts 1, 3 and 4. On Friday, February 6, registrations will be held for Precinct 5, Ballardvale, at the library; and on February 10 for Precinct 6 at the Peabody House, Phillips street. The hours will be from 7 to 9. On Wednesday, February 11, registration will be held at the office of Town Clerk George H. Winslow from noon to 10 p. m. This will be the last opportunity to register until after the town meeting.

Former Vale Resident Dies In Plane Crash

Word has been received by Mr. and Mrs. Samuel Moody of Andover street, Ballardvale, of the death of Clifford R. Reynolds, son of the Rev. and Mrs. Clifford W. Reynolds, now of Omaha, Nebraska. He was killed in a plane accident near Norfolk, Virginia, last December 24.

A frequent visitor of Ballardvale, where he was born November 26, 1926, when his father was pastor of the Ballardvale Methodist church, he was a pilot officer in the U. S. Army Air Force and had devoted much of his time to flying.

Looks 'em Over

The best basketball games of the week should be those between Columbia University and Fordham, in New York, and N.Y.U. vs. Boston U., at the Boston Garden.

Columbia, at the moment favorites to win the Eastern Inter-collegiate League's laurels, has a slight edge over Fordham due to Hugh Badko's work at center.

We think N.Y.U. should take Boston tonight (Thursday) at the Garden. But, playing in home territory might make Boston U. the Bargain Team.

Talking of bargains . . . we've got one for you . . . an all metal simulated ship's lamp for \$4.95 . . . that IS a bargain!!!!

Indignation reigns in Women's Sectional Golf Associations. It seems that no eastern, or northeastern woman was named by the U. S. Golf Association's Women's Committee, to play on the International Curtis Cup Team, which will defend the Cup this May in England.

The Curtis Cup has been won by the U. S. since its inception in 1932. Defense of the Cup has usually been by woman champions in the N. Y. C. Metropolitan area.

Now, after buying all of their New Look costumes (surely, they are costumes?), the New Yorkers learned that the England-bound defenders will be four Southerners, two Ohioans (pronounced Iowans in Boston), two from Philadelphia, one from Connecticut and one from California.

The New York Gals are steaming; but there is nothing that they can do about the matter . . . other than light a Murad. . . .

Those \$4.95 lamps can be used as ash trays, too.

The four-minute mile has been talked about for forty years. Gil Dodds has made the closest approach with his indoor record of 4:08.4; and no one else seems able to catch Gil.

Saturday, at the Boston Garden Track Carnival, "The Dodd" will be pitted against Bill Hulse, Tom Quinn, and Leslie MacMitchell. N. Y. Athletic Club speedsters. Also with them in the mile run will be Browning Ross, of Villanova. Although Ross could win if Galloping Gil has an off day, or a broken leg, it is not likely that any of the above can beat Dodds.

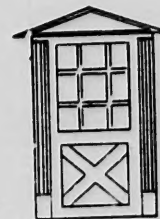

A young Phillipian, from New York, Frank Efinger by name, is also in the race.

Dodds has such consistency, and is so sincere in his efforts that, it seems, it will take a "simulated" super sonic plane to beat his mile record.

No matter what the admittance price, it is a bargain to pay to see Dodds run. He is a master of pace and timing.

When you get "simulated" with a lamp . . . at \$4.95 . . . That's a bargain, too . . . You get it

AT THE LIBRARY

VOCATIONAL SERVICES

Among the materials in almost constant use at the Memorial Hall Library are the vocational services to which the library subscribes. This phase of reference work continues to be one of the most interesting and appreciated of the aids provided for young people. Science Research Associates, now in its ninth year, provides a good part of the material helpful for both young men and women and those who conduct personnel work with them. There are several different services offered, among which the most popular is the monograph of the American Job Series. During the war these booklets were discontinued, but a careful survey proved their value and they are now re-appearing. These forty-eight page booklets, interestingly written by authorities in the field and attractively illustrated, are aimed directly at

the problems of youth which teachers, counselors and students themselves consider most important. They cover basic occupational information as well as such topics as orientation to school life, personality and study methods.

A second part of the vocational service offered by Science Research Associates is the Occupational Brief on America's Major Job Fields. Here we find concise reporting on challenging occupational fields, giving essential data about duties, requirements, training and wages. About fifty briefs are published during a year.

At the library there is a vertical file, arranged by subject, of excellent sources of information on all kinds of jobs, vocations and professions. A large collection of college and school catalogs rounds out the information, with excellent directories of educational institutions. All materials are available to the counselor and student and general public.

MOVIE AND STORY HOUR

The regular monthly story and movie hour, open to all grades of boys and girls in Andover schools, will be held at the Memorial Hall Library on Tuesday, February 10, at 3:35 o'clock. The movies to be shown are "Golden Palomino" and "Colonial Children." Miss Lane, Young People's Librarian, will tell stories during the program. All are invited.

INTERESTED IN RECREATION?

From the popularity of our books on games and game leadership, we are very aware that more than one of our borrowers is "party-minded," and many from the angle of group leadership. If you are among those on whose shoulders the recreation end of meetings and gatherings always falls, you are most heartily urged to attend an open meeting in the auditorium of Essex County Agricultural school, at Hathorne, Massachusetts, on Tuesday evening, February 10, from 8 to 10. Miss Ruth McIntire, extension recreation specialist of the University of Massachusetts, will include the following subjects in the evening's program:

Pre-party activities, introducing the homemade game kit; acquaintance games; active and quiet games appropriate for various age interests, large or small groups; singing games and simple folk dances.

If you work with your Grange, Scouts, church or P. T. A. groups, why not attend, and then come to the library for the games and activities suggested? For further information, call Andover 314, which is your library number.

GARDEN FOLDER

Have you seen the new garden folder, which makes the pleasant pastime of digging, and planting,

and weeding, and spraying all sound like child's play in the light of the pleasure and health gained from developing and planting your own place? It lists the best and most recent additions to the well-known garden section at the library, and divides information into these classes: Indoor Gardening; Flower Arrangement; Flower Growing; Planning the Home Grounds; Garden Pests and Herbs. Grounds; Garden Pests; and Herbs. Ask for one if you enjoy gardening.

LISTENING TO MUSIC GROUP HOLDS FIRST MEETING

On Monday evening the "Listening to Music" group met at the Memorial Hall Library, under the direction of Mr. Ivar Sjoström. The program presented for enjoyment and discussion included the following recordings:

Classical Symphony in D Major, by Prokofiev; Symphony No. 1, in C Minor, by Brahms; La Valse: Choreographic Poem for Orchestra, by Ravel.

Mr. Sjoström spoke briefly on the stories behind the compositions, and there was some discussion on the development of a music collection for the home library. The date of the second meeting will be announced later.

NEW BOOKS

The Echoing Green Estes
Jemmie Hand longed fiercely for beauty and love and warmth—all of which had been denied her in her childhood. Here is her story, with her secret ambitions, and her determination to find a better way of life.

Roseanna McCoy Hannum
An old-fashioned "feudin'" story, with the bitter hatreds that increased between the McCoy's of Kentucky and the Hatfields of West Virginia, until Roseanna and Jonse, from enemy camps, found each other.

Ride East! Ride West! Powers
A thrilling period in history, the year 1340, with Edward III bent on great victories. This novel, set at the period of the Hundred Years' War, combines danger, excitement, intrigue and the love of two women for one man.

Eagle at My Eyes Katkov
Another in the growing list of racial and religious inter-marriage stories, in this case the story of a young Jewish newspaperman and Mary, the Gentile, who loved him. This is a bitter but vital handling of one of our modern social situations.

Reunion at Meads Wallace
Six lives are mingled in this drama of a college reunion, and these six women represent all women everywhere.

The Sound of Chariots Miller
With the killing of Colonel Patrick Ferguson, sent by Cornwallis to consolidate the Carolinas for the Crown, the lives of the happy, comfortable Marot family, loyal subjects of the king, become thrown into confusion. The war at-

fecting strangely the western settlements of North Carolina (now East Tennessee) with the people wavering between loyalty to the ordered British rule and the colonial government. Some played both sides against the middle to protect themselves against the winner. Excellent pioneer story.

Babe Ruth

Full length biography of "Babe" Ruth, who rose from the obscurity of a Baltimore orphanage to be the brightest star in the baseball sky.

Letter From Grosvenor Square

Ambassador John Winant's own story of the year before Pearl Harbor and the part he played in promoting understanding and good will between us and Great Britain.

Where the Sabia Sings

Henriqueta Chamberlain, daughter of a Baptist missionary, tells in the most fascinating manner her love of her adopted country, Brazil, and the challenge it offers to the institution we call democracy. Delightful, human memories that read like a story.

Panorama of a Century

This is the story of Penn Mutual's Life Insurance Company during its hundred years, 1847-1947. It is almost a social history of a century in American living.

The Theatre Book of the Year, 1946-1947

Contains the honor list for the year — the best dramatic play, comedy, musical, performers, directors, scene designers, etc. Plays logically according to their first of the year are arranged chronologically, the cast is given, and with each play the frank comments so typical of Nathan's criticism.

Practical Dope on the .22

F. C. Ness started serious shooting in 1910 and has concentrated on proving facts, not other people's gossip, rumor or fancies about the processes involved in accurate shooting.

Products of American Forests

Covers such subjects as the importance of forest resources, wood and its uses, products of wood conversion, seasonal crops and extractive materials (such as resins, sugar, honey, tannin, dyestuffs, nuts, pharmaceuticals, oils, greener, fruits, etc.). The tables give relative values of forest crops. Excellent information.

Abbot Notes

Mlle. Germaine Arosa will entertain in Davis Hall, Abbot Academy, on Saturday evening, February 7, with a programme of fables, songs and monologues. Mlle. Arosa is a member of the French faculty at Abbot and a disciple of distinction. The recital is anticipated with great pleasure by Abbot and the community as well. The public is cordially invited to come.

It is with great regret that Miss Marguerite Hearsey, principal of Abbot Academy, has accepted the resignation of Miss Dorothy A. Duff, R.N., who for a number of years has been the head of the school infirmary. Miss Duff was forced to give up her work because of ill health. Those who know her well are aware of the great significance of her life's work because she has done it brilliantly in the face of great handicap. The announcement came at chapel early last week, and Miss Duff left by plane for St. John's, Newfoundland, on Sunday, February 1.

Succeeding Miss Duff as head of the infirmary is Miss Kathleen Ayre, R.N., a friend of Miss Duff's, and from St. John's, Newfoundland, Miss Duff's home. Miss Ayre is a graduate of Graduate Hospital for Sick Children, Toronto. During the Second World War she served overseas in Scotland.

On Sunday evening, the Rev. Herbert M. Gale, Ph.D., lecturer in Biblical History at Wellesley College, will speak at the vespers service in Abbot Hall.

The following Sunday evening, February 15, brings to Abbot as vespers speaker Dr. Eddy Asirvatham, visiting professor at Boston University School of Theology, from Madras, India. Dr. Asirvatham's daughter, Premi, is a student at Abbot, a member of the Senior Middler class.

Merrimack College Chapel Dedicated

The newly-completed chapel at Merrimack College was dedicated Wednesday morning, January 29, to "Our Mother of Good Counsel" with impressive ceremonies conducted by the Very Rev. Vincent A. McQuade, Ph. D., OSA, president of the college.

Attended by a large number of students and faculty members, the ceremonies opened with a hymn by the choir followed by the blessing by Fr. McQuade, who also celebrated the mass of dedication.

The dedicatory sermon was delivered by the Rev. Joseph J. Gillea, OSA, college dean, and the service closed with a hymn by the choir.

Claudia Pinza To Sing At Academy Feb. 13

Claudia Pinza, already famous in her own right as a soprano, will be the soloist in George Washington Hall, Phillips Academy, Friday, February 13, at 8:15 p. m. Miss Pinza is the daughter of Ezio Pinza, the great basso of the Metropolitan Opera House. Born in Buenos Aires, the 21-year-old soprano made her operatic debut at La Scala in Milan in 1943, and first appeared before American audiences in 1947.

Her program for Friday evening includes music by Pergolesi, Mozart, Faure, Puccini and Mascagni.

University of Life Series Is Opened

The first meeting in the University of Life series was held Sunday evening, February 1, at the South church with a large gathering representing the eight churches in the Andover Council of Churches, partaking of the simple buffet supper and social hour that opened the evening's program.

The gathering then broke up into three groups. The general assembly meeting was opened with a worship service led by the Rev. Frederick B. Noss. Professor John J. Mahoney, of Boston University, speaker for the assembly, took for his subject, "Religion, Democracy and Education." Professor Russell Tuck of the Andover-Newton Theological seminary led the Bible group, which had a large enrollment. His subject was "The Bible and the Issues of Life."

Jesse Cornelius of India, who addressed the Youth group, had planned to talk about Christian Youth, but decided to talk about the recently martyred Mohandas D. Gandhi. In the development of his subject he explained the secret of the hold India's fallen leader had upon his people as being his love of the truth and of his country.

Prof. Mahoney told his audience that the great need in education is the education for civic responsibility, teaching people how to live together well, teaching them to develop understandings and attitudes that shall make for a real democracy. In spite of all the education of the years we still have wars, nations have not learned how to live together well, and we still have strikes. The Interest group following was led by Prof. Mahoney and gave opportunity for discussion on his topics.

Prof. Tuck discussed issues which are our concern, world, peace and race. He gave examples from the Old and New Testaments that are comparable to our times and quoting Prof. Kenneth Latourette of Yale, said: "The Church of the 20th century has strength never known before after periods of growth and persecution."

Great enthusiasm was expressed by all who attended the meetings. For those who wish to register there is still an opportunity.

LOCAL BOY ELECTED

J. Kendell Lodge, Jr. son of Mr. and Mrs. J. Kendell Lodge, 109 Main street, was elected captain of the soccer team at the Fessenden school, West Newton and was also awarded the merit badge. The merit badge is awarded on the basis of spirit, conduct helpfulness and dependability.

The advance sale of tickets indicates a good attendance at this pre-Lenten event. Additional tickets may be secured from the committee, which comprises, Mary Golden, chairman; Dorothy Finno, president; Mary McNulty, vice-president; Mary Coupe, secretary; and Eleanor Connolly, treasurer. Refreshments will be served during the evening.

World Day of Prayer Observance Feb. 13

The World Day of Prayer, to be observed on the first Friday in Lent, February 13, 1948, has come of age. Twenty-one years ago, in 1927, it became a world-wide observance. While we sleep, Christians in the Fiji Islands, at the International Date Line, are meeting to pray. Before the day ends over the globe, more than fifty countries,—using the same service, translated into 1068 dialects—will have joined hands in a spiritual alliance.

One year ago in Andover, two women sat quietly, apart, in the large chapel of Phillips Academy. The heaviest blizzard of the winter had cancelled the carefully prepared and beautiful service, and only these two came to pray.

This year, the first local observance of the day will be given over Station WLAW at 8:35 a. m., in charge of Mrs. Ralph D. York of North Andover and Mrs. Karl Thiem of Lawrence. Later in the day, the Andover service, sponsored by the Andover Council of Church Women, is scheduled for three o'clock at the Free church. Everyone is welcome.

Members of the Andover Council are these: For Phillips Academy, Mrs. Oswald Tower, Mrs. A. Graham Baldwin; for the Ballardvale Union Congregational church, Mrs. Philip Kelsey, Mrs. Harry Peatman, Mrs. Elizabeth Curtis; for the Ballardvale Methodist church, Mrs. George Brown; for the Baptist church, Mrs. Wendell Bailey, Mrs. J. S. Billington, Mrs. George Norton; for Christ church, Mrs. Stafford Lindsay; for the Free church, Mrs. Levering Reynolds, Jr., Mrs. William Burnham, Mrs. Leslie Christison, Mrs. Alexander MacKenzie; for the South church, Mrs. Frederick B. Noss, Mrs. Thaxter Eaton, Mrs. C. Edward Buchan, Mrs. Clifford Marshall, Miss Fannie E. Davis, president; for the West church, Mrs. John G. Gaskill, Mrs. John Duguid, Mrs. Halbert Dow, Mrs. Robert Marland. In charge of publicity are: Mrs. Brownell Gage, Mrs. Robert B. Hatton, Miss Elizabeth Hatton.

T.B. Hospital Cost Town \$12,098 In 1947

The town's share in the upkeep of the Essex County Tuberculosis hospital at Middleton has been set at \$12,098.32, according to notice from the county commissioners which the selectmen have received.

This is an increase over the \$10,484.82 of a year ago and indicates, Chairman Roy E. Hardy points out, the general trend of rising costs in government.

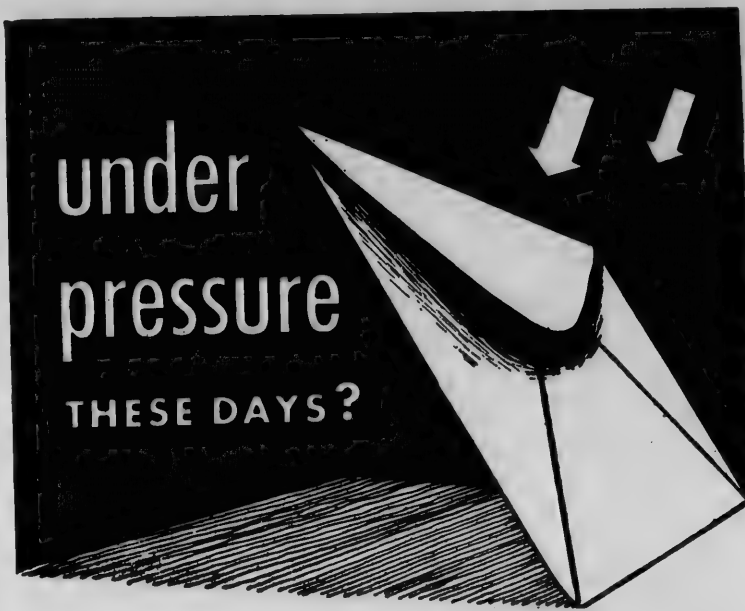

Total cost of the hospital for 1947 amounted to \$534,553.42.

Lawrence To Hold Dollar-Day Feb. 6-7

Merchants of Lawrence will be offering greater values than ever in the big Dollar-Day sales events to be held Friday and Saturday, February 6 and 7, in most of the stores of the city.

Dollar-Day events in the past have proved to be real bargain days as many lines of merchandise were reduced to make them doubly attractive to the local and out-of-town buyers attracted by the very low prices of various articles.

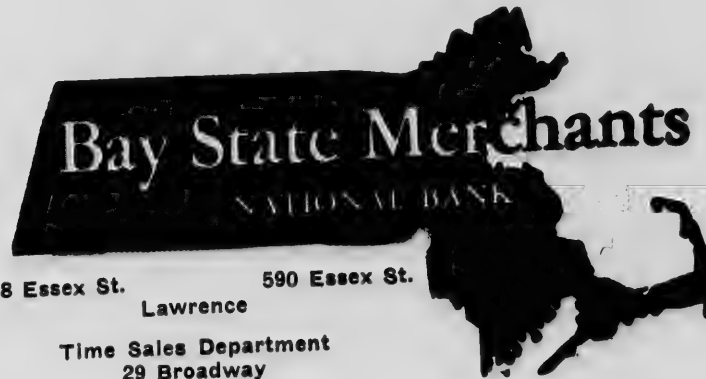

The event this Friday and Saturday promises to be as attractive as before with drastic deductions intended to make wares move faster than ever.

Do you seem to have more than you can possibly do? Then shake off a few details. For instance, the chore of paying bills in cash and waiting for receipts. Streamline this detail by mailing your personal check drawn on the Bay State Merchants National Bank.

Save the time, tires, gas and trouble of paying bills in person.

Use checks to relieve the pressure.

PUNCHARD HIGH

By Jack Sherman

SENIOR HONOR STUDENTS

Last Thursday in assembly, Mr. Lovely announced the four members of the Senior class who have the highest averages for their three years in Punchard. The four are Miss Jane Lynch, average of 91; Miss Joan Capen, average of 90; Miss Jane Black, average of 88.5, and Eris Halbach, average of 88. Mr. Lovely is now working on the three-year averages for the rest of the class and these will be available to the students in the near future. The first twenty are already available, as these students are in the first quarter of the class and therefore are recommended as such on college applications.

INVITATION EXTENDED

At the assembly mentioned above, the students were extended an invitation to attend the recent debate held at George Washington Hall. A team from Oxford

University debated a team of the Phillips faculty. A great many Punchard students took advantage of this opportunity. The subject of the debate was "American Economics Should be Radically Changed."

CLASS BOOK NEWS

The Classbook committee has figured out that this year's book will cost well over a thousand dollars. The cost of financing this book is of course an important phase of the work. Approximately twenty per cent of last year's advertisers have refused to do so again this year. The cost of print, paper and labor have all risen and consequently the price of the book in comparison to other years has gone sky high. The committee and the class have their hopes that they will be able to finance this year's book. Plans are being made for all kinds of money-making schemes. How many of these will come to fruition is, of course, a matter for speculation.

To help defray expenses, a class assessment from the individual members is being asked as a guarantee for the payment for the paper and covers, in case other means of financing fall short of the required amount.

SENIOR PLAY NOTES

Mr. Stevens has announced a slight change in the cast of "The Barretts of Wimpole Street," which is this year's offering of the Senior class to the public. The part of Henry Bevan will be played by Richard Kydd instead of John Gillis as was previously announced. John Gillis will take Richard Kydd's part of Doctor Ford-Waterlow.

Due to increased production costs and the price of the class book, tickets to the class play will fall into two price ranges. Tickets will soon be on sale by all members of the class at 75c and \$1. The whole center section of the orchestra and the first section of the balcony will be the dollar sections, while the two side aisles of the orchestra and the rear balcony will be seventy-five cents. We hope that you will come to see "The Barretts of Wimpole Street" at the Memorial Auditorium, Thursday evening, February 26, at 8 p. m., sharp.

COLLEGE BOARD APPLICANTS MEET

All members of the Senior class who plan to take the college board examination in the April series met with Mr. Kellmurray last week. He instructed them in the proper procedure for filling out the applications and sending in the fees required. He also suggested the tests each student should take unless that students had been otherwise instructed by the college of his choice.

Second Meeting In Series Sunday

The second in the series of University of Life meetings will be held Sunday evening in the South church. A buffet supper will be served at 6:30 o'clock by the Benevolent society of Cochran chapel, Mrs. Kenneth Minard, chairman.

The general assembly will open with a worship service led by the Rev. John Moses. The address will be given by Prof. Carl Wallace Miller, of Brown University, whose subject will be "Has Religion Lost Its Relevance in a Scientifically Dominated Society?"

The Bible discussion group will be led by Rabbi Herschel Lewis of Temple Emmanuel, Lawrence. Miss Katherine Hodgson of the Grenfell Mission will address the Youth group.

There is still opportunity for interested persons to register for the series. The fee charged included the cost of the supper each evening and admission to the assembly and discussion groups.

Makes New Drive For U. S. Bond Sales

The Treasury has announced its intensified campaign to increase the sale of United States Savings Bonds through payroll deduction in industrial and mercantile plants.

In his address to the Congress on November 17 last, the President said, "An effective weapon against inflation is increased saving by the public. Every dollar that is saved is a dollar fighting against inflation. In order to encourage this saving, we must intensify our vigorous effort to sell savings bonds."

The dollar that is invested in U. S. Savings Bonds by an individual is taken out of the consumer's hands and away from the temptation to spend it. The savings bond dollar operates directly to decrease upward pressure on prices. Plainly it has an important effect, both directly and indirectly, to help combat inflation. It is one means of attacking this important problem upon which all economists agree.

The success of this program concerns every family, wage earner, business man, industrialist, banker and everyone with the interests of the community, the nation and the world at heart.

Every industrial and mercantile firm is asked to reactivate or reinstate the payroll deduction plan so effectively maintained during the war. Every employee is urged to subscribe to this plan. The banks have provided the facilities to assist; the labor groups have given it their enthusiastic support.

ALLIED VETERANS COUNCIL

The Allied Veterans Council will meet on Monday evening, February 9, at 8 in the Town House. Representatives from all veterans organizations in Andover are invited to attend.

At a recent meeting of the council held on January 22, representatives were present from the Disabled Veterans, the AMVETS and from Post 8, American Legion. Temporary Chairman Joseph Horan called for nomination of officers and it was voted to postpone the election of permanent officers until a later date. An informal discussion was held regarding the aims of the organization and it was agreed that no action would be taken on any proposals until such time as the delegates receive authorization from their individual organizations. It was also agreed that matters acted upon by the council would be sponsored by one or more of the member organizations.

Delegates present at the meeting were: Chairman Joseph Horan, Joseph Paine, William Barren, David MacDonald, Disabled Veterans; Irving J. Whitcomb, James Doherty, American Legion; John Moriarty, Richard Dulong and Betty Buchan, AMVETS.

James J. Brightney, fireman first class, has returned to his home on Boston road after receiving his discharge from the Navy.

REPORT OF TREE WARDEN

To the Citizens of Andover:

During 1947 many sample twigs taken from elm trees were sent to the Dutch Elm disease laboratory at Amherst for testing. All proved negative except one taken last September from an elm on Burnham road near the railroad bridge. When the tree was cut down every section showed the brown streaking of the sap wood, a condition caused by the disease. Feeding punctures on the twigs also showed the presence of the carrier of the disease, the elm bark beetle. No doubt other trees with the disease will be found during the 1948 season.

The Dutch Elm disease is a great menace, and all available means should be used to combat its ravages.

The town must now decide whether the cost to prevent the Dutch Elm disease from becoming established is reasonable compared with the excessive cost of removal and loss of assets which the elms are to our town and to our homes.

Some authorities believe control can be obtained and our best trees saved by pruning of dead and weak wood and by spraying with the new insecticides applied with new type mist blower spray machines. These authorities point out that one town in the heart of the Dutch Elm disease area of Connecticut has lost but few elms because of control measures taken, while other towns and cities in the same area that have taken no control measures face expenses in removing diseased elms up to \$40,000.00.

The Moth Superintendent's report shows what measures can be taken to control the Dutch Elm disease and at the same time destroy many other insects.

The town should appreciate the assistance given by the Andover Village Improvement Society in the control of poison ivy by the purchase of \$423.00 worth of the weed killer, ammonium sulfamate, for use by the Tree Warden.

A solution of one pound of the chemical to a gallon of water was applied to the foliage of the poison ivy in July with a power sprayer along the road sides in residential sections of the town. The leaves and stems of the plant turned brown within a week and soon dried up. This work should be extended to other parts of the town and sections already sprayed should be gone over each year to destroy any new growth that may appear.

Our roadside tractor mower has added greatly to the usefulness and appearance of our roadways by keeping poison ivy and other new growth back from the edge of the traveled way.

As authorized by the last annual town meeting a power chain saw was purchased and is a valuable addition to this department. The expense of this equipment will soon pay for itself in time and labor saved in tree removals.

Pruning and cabling of trees as well as some cavity work was car-

ried on during the past year. Large brush was cut and removed on more roadsides to make it possible to cut future growth with our roadside tractor mower. Severe wind and rain storms during November shattered many branches and destroyed several trees.

Electric wires stretched along our streets among public trees are a problem that increases each year as higher voltage wires are used to care for public demand for electricity. In spite of loss of service and loss from breakdown of its lines from ice storms, electrical storms, hurricanes etc., power companies have utterly failed to provide new methods of electrical distribution; and co-operation in the removal of dangerous trees along its lines has lapsed in the past few years.

I recommend the purchase of a new 1½-ton truck to replace an old worn-out 1934 truck.

Very few men are able to qualify for tree repair work and rates of pay should be increased to compare with rates in commercial companies and to attract men of ability and knowledge of tree problems.

For the regular operation of the Tree Department during 1948, under present rates of pay, I recommend that \$9,930.00 be appropriated.

Respectfully abmitted

George R. Abbott, Tree Warden

GIRLS' INTRA-MURAL BASKETBALL

The girls finished their intra-mural basketball season last Thursday. Each of the teams played nine games, with the following wins—Blues, 7 games; Reds, 5 games; Greens, 2 games; Golds, 3 games. There was one tie game between the Blues and the Golds. The Blues were victorious in completing the season, having lost only one game.

On Thursday the Blues played the Golds with the close score of 11-10, Blues favor. The Reds and Greens competed with the Reds winning and a score of 4-5.

On Thursday the new uniforms were worn for the first time for intra-mural sports. The girls looked pretty as a picture in these colorful suits. Everyone who saw them was very much impressed.

Beginning Tuesday, February 3rd, general practice started for the girls for the all-star school team. Any girl may try out for this team and many are expected. This team will prepare for the return game to be held here with North Reading, February 19th.

REDECORATION

The cooking room is undergoing a serious change. The refinishing of the chairs, tables, kitchen units and wall cabinets of the cooking room is the big project which the seventh, eighth and ninth grade girls have undertaken. The girls are doing the work! The paint has been washed and sanded by the girls, and is now awaiting a color engineer's estimates.

Girls in the sewing classes with no sewing have been making luncheon mats also for the cooking room.

Watch for progress of this project.

BOYS' VARSITY BASKETBALL

The varsity team is practicing hard in anticipation of the game on Thursday, February 12, with the Tewksbury High School Freshmen. Watch for results of this game.

MESSAGE FROM THE PRINCIPAL

It has come to our knowledge that the students are not observing all the safety rules. As a great many of the sidewalks are not plowed it is necessary to walk in the streets. However, it is not necessary to walk in the middle of the streets. With the roads in the condition they are we must take extra precautions, as the drivers cannot always control their cars. We do not want any accidents such as we hear of in other towns—so remember these rules.

SKATING RINK

In spite of most ponds and lakes being blanketed with snow, our school still provides us with a

good place to skate. Many of the students enjoy using this rink and we wish to thank the people who have made this possible.

JUNIOR HIGH REPORTER RESIGNS

It is with regret that we announce the resignation of Bessie Christie as one of the Junior High School reporters for the Townsman. Along with Patricia Peterkin, Bessie has done a splendid piece of work. However, the vacancy has been filled by another faithful and conscientious member of the ninth grade, and the news in this column will be found to be just as plentiful and interesting as

before. The new reporter is Joan Godfrey who lives on Pasho street.

LIMERICKS

Grade 7 is growing poetic and the students have been composing limericks by the dozens. Here are a few of them.

"There was a young lady named Ida,

Who screamed at the sight of a spider,

She made such a noise

That it scared all the boys,

Now there's no one to cuddle beside her." by Sidney Tavern 7-1

"There was a young mouse in our attic,

Whose hobby was broadcasting static,

In the wires he got tangled

The poor thing was strangled,

A sad end for a mouse so eratic!" by Mary Fountain 7-1

"There was a young man of Andover,

Who loved the sweet smell of white clover,

He would sit there to sniff

On the edge of a cliff

Until one fine day he fell over". by Shirley Murray 7-2

MARCH OF DIMES

The assembly on Friday was in charge of Miss Westcott, our school nurse. In keeping with the present March of Dimes drive our assembly was on this subject. Our speaker was Miss Sara Ratcliffe, who is superintendent of Child Welfare in Lawrence. She told us a great deal about what our money would do and what purposes it would serve. She talked of the clinic in Lawrence, of this clinic sending children who need special care into Boston, of the specialists who visit each year at the clinic in Lawrence, and of the newly founded Plum Island camp. This explanation of what our money would do, was of great interest to the people who were giving their money to the Infantile Paralysis fund.

The following amounts were contributed to the March of Dimes:

Punchard High School \$36.60
Junior High School \$52.75
Elementary Schools \$70.25

Total \$160.60

HOME ECONOMICS

In Grade 9 last week classes studied the family service of meals. Vegetables were prepared to insure good appearance, taste and nutrition. Jellied salads were also made.

Grade 8 has shown decided improvement in following directions which come in pattern envelopes. Most girls can now lay on a pattern and follow directions with very little help. Finishing is now being stressed.

Grade 7 washed walls, cupboards and furniture, and sanded and scraped in preparation for painting.

In the Special Class the girls learned to use the needle and thimble in embroidery.

TIMELY TIPS
For Saving Fuel

1. If you go away for a weekend set the thermostat at 50 F. This is warm enough to prevent damage from freezing, yet low enough to conserve fuel.
2. When you open the front or back door you let out heat. Don't stand talking with the outside door open. Talk inside or outside—not mid-way.
3. Put automatic door closers on important inner doors. Children are not the only ones who leave doors open behind them when going from room to room.

EDITORIAL THOUGHTS

THE TOWN WARRANT

As you have probably already noticed, a summary of the fifty special articles that appear in the Town Warrant is published in this week's Townsman. Some of these articles, although they are the result of studied consideration, are undoubtedly of a controversial nature. Now is the time for your comments to appear in the pages of your paper! Why not spend a few serious moments and drop us a line telling us of your thoughts with respect to this subject which certainly affects the whole community.

Feel free to make The Townsman a forum which can and will express your opinion.

OUR LAST NEWSMAGAZINE

This issue of The Townsman is the last one to be printed in newsmagazine form. Starting next week The Townsman will be published in newspaper style, each page about double the size of the present pages. We sincerely believe that everyone will be pleased with the result.

FEED THE BIRDS

Because of the severity of the weather this winter, an urgent appeal has been issued by C. Russell Mason, Executive Director of the Massachusetts Audubon Society, asking that householders throughout the state be sure to provide food for both song and game birds, "During this period of the year", said Mr. Mason, "snow and ice are covering up the normal food on which the birds depend, and it will help them through to spring and save them from starvation if we furnish bird restaurants where they can get meals." Much pleasure will also be derived from such feeding stations, as the birds can be watched closely just outside the windows.

Report

from the

State House

by Sen. Philip K. Allen

HISTORICAL COMMENT

As suggested last week, herewith is a brief summary of the duties of the Governor, Lieutenant-Governor and the Governor's Council.

GOVERNOR

The Governor of the Commonwealth is not only the chief executive of the Commonwealth, but also the titular head of the political party of which he is a member. He is, therefore, in the difficult position of being the business manager of the 351 cities and towns with a total population (as of 1945) of 4,493,281, having a valuation of \$6,932,748,779 (also as of 1945), and at the same time being held responsible for the success or failure of his party.

To do these jobs he is assisted by the legislative and the judicial branches on the one hand and by innumerable party workers on the other. He must, of course, in all of his deliberations, try to maintain an equal balance of justice for all parts of the Commonwealth. The pressures exerted on him politically, legislatively and judicially are tremendous, and to keep his fundamental principles and at the same time to resolve differences of opinion is a task which only the most stout-hearted would attempt. These facts should be kept in mind when one is considering candidates for this high office.

LIEUTENANT-GOVERNOR

The Lieutenant-Governor, who becomes the acting governor when the chief executive is absent from the State House, is the presiding officer over the Governor's Council and is the Governor's representative at functions and meetings which the governor is unable to attend. His is an important position and calls for the same qualities that should exist in the governor, since in case of sickness or even in the remote possibility of the death of the Governor, he would become the Chief Executive.

GOVERNOR'S COUNCIL

The Governor's Council is made up of eight councillors, elected by the people in eight councillor districts, each consisting of five contiguous senatorial districts. While in 45 other states in the union, the Senate is the body which ratifies budgetary matters and appointments, in Massachusetts, Maine, New Hampshire and North Carolina, these duties fall upon the Governor's Council. The Council Chamber in the State House is one of the most beautiful rooms in the Bullfinch wing and is daily the object of interest of many visitors. The Council meets

each Wednesday to act as they see fit upon matters which the Governor's staff brings to their attention. Under the original constitution of Massachusetts, the Council took over the duties of the Governor when the Governor and Lieutenant-Governor were absent from the Commonwealth. This authority was annulled, however, by an amendment which authorized the Secretary, Attorney General, Treasurer and Receiver-General and Auditor, in that order, to have the full authority in the absence of the Governor and Lieutenant-Governor. The Council, of course, represents another check and balance in the government so necessary in order that justice may be preserved.

STATE HOUSE GLEANINGS

Public hearings this week were crowded and colorful. Rep. Sam Atkinson of Brookline (brother-in-law of Hart Leavitt, the Academy's hockey coach) introduced a full blooded squaw of the Penobscot Tribe in full regalia as the first speaker in opposition to the so-called Barnes Communist-Teacher Bill. This was on Monday. Then on Tuesday, following the lead of Mrs. Higgins who to demonstrate the high cost of living last week, dramatically slapped a two buck haddock down in front of Mayor Curley. Sen. Sumner Whittier of Everett appeared before the Committee on Public Service. Likewise to demonstrate the increased cost of living, Sen. Whittier brought forth out of two cartons like a magician five dollars worth of groceries (1941 vintage). The comparison was startling to say the least. Wednesday and Thursday are still to come.

QUESTION OF THE WEEK

Do you know how many Senators and Representatives there are in Massachusetts? Next week we will take up their duties and discuss their obligations and problems.

What Our Readers Say —

Editor of the Townsman;

I read the editorial about Wallace, and while I realize it is hard to tell much from the news and what is behind it from the papers alone, I think Wallace is not primarily interested in dividing and

confusing the American people. Probably he thinks both Republican and Democratic parties are not making much progress in reconstruction and improving living conditions.

I think he has a lot of courage in not wanting to follow along in the same old groove that both parties have fallen into, and do not seem to be able to get out of. I think that if he does get a lot of votes that many (not all, of course) will be good American votes.

Probably he does deserve a lot of criticism, but a lot of praise, too. I don't know too much about his politics and very likely will vote for someone like Dewey or Taft.

I like the Townsman. It seems complete and interesting.

Yours truly,

John A. McClellan

Four Contests Enliven Coming Town Election

Race For Major Offices Should Bring Out Good Vote March 1

What promised a short time ago to be a quiet town election has now taken on new interest with the last-minute entrance of several additional candidates in the field to bring lively contests for the offices of selectman, assessor, board of public works and school committee.

These late developments, coupled with a ballot that contains the question of reducing the hours of permanent firemen from 70 to 48 hours a week, should mean a large vote next March 1 when the electorate of the town go to the polls to mark their ballots.

Four candidates are seeking the office of selectman and assessor for which one is to be elected for a three year term. They are: Roy E. Hardy of 113 Chestnut street, candidate for re-election; Elizabeth L. Buchan, 3 Lincoln street; George A. Porter, 29 Main street, and Russell F. Sheeley, 17 Enmore street.

For the board of public works there are six candidates, two of whom are to be elected for terms of three years. They are: Edward A. Doyle, Vine street, candidate for re-election; Benjamin C. Brown, 29 Main street; George F. Dufton, 7 Argyle street; James R. Mosher, 78 Haverhill street; Edwin H. Waterman, Haggetts' pond, and P. Leroy Wilson, 9 Avon street.

Three candidates are in the field for school committee, one of whom is to be elected for a three-year term. Two present incumbents,

Gordon Colquhoun, 4 Summer street, and Barbara A. Loomer, 27 Summer street, and seeking re-election for the seat, with a newcomer, Joseph A. Horan, 6 Avon street, making his first run for office.

All other offices are uncontested. They are as follows:

Moderator, Arthur Sweeney, 64 Central street, candidate for re-election, one year term;

Town Clerk, George H. Winslow, Lowell street, candidate for re-election, three year term;

Board of Health, Charles O. McCullom, 26 Summer street, candidate for re-election; three year term;

Planning Board, Leon A. Field, 5 Wolcott avenue, candidate for re-election, five year term;

Trustee Memorial Hall library, Winsor Gale, 118 Main street, candidate for re-election, seven year term; Ernest D. Walen, 68 Salem street, three year term to fill vacancy;

Trustee Punchard Free school, Harry Sellars, 5 Avon street, one year vacancy;

Constables, George A. Dane, rear 320 Andover street; J. Lewis Smith, 56 Morton street, and George N. Sparks, 20 River street, all candidates for re-election, one year terms.

The ballot will also contain the question: "Shall section 58B of Chapter 48 of the General Laws, providing for a 48-hour week for permanent members of fire departments, be accepted?"
